

Chartered Accountant (Qualified)

Based in our Tax and Accounting Section the applicant should possess CA or CPA qualifications with a minimum of 2 years experience in public practice for a role involving preparation of tax returns and financial statements for a diverse range of clients.

To be successful the applicant should possess the following attributes:

- A good understanding of a wide range of accounting structures including companies, trusts and self managed superannuation funds.
- Professional approach with strong attention to detail
- Ability to work within a team and individually
- Good communication skills that will enable you to communicate effectively with fellow staff members and clients and to assist in mentoring junior staff.
- Be able to demonstrate good computer skills. Previous experience working with Handisoft and BGL software will be highly regarded.

Join the friendly and professional team at Bugden & Partners and you will be part of a rapidly growing practice with two offices located in Port Macquarie and Wauchope with 20+ staff offering tax, accounting and financial planning services to clients across the mid north coast.

Salary package will be competitive and flexible based on relevant experience of the applicants.

All enquiries and resumes' should be forwarded to partners@bugden.com.au

Applications close 7th February 2011.
